Lead product designer with 8+ years of experience. I make digital products easy and enjoyable to use. I find out what people need and turn it into clear, simple design. Then I vibe code it into an interactive product. I work closely with teams and listen to feedback.

Experience

Lead Product Designer Facilio Technology Solutions, Chennai · Promoted from Product Designer	Oct 2025 – Present
<ul style="list-style-type: none">Lead the UX and design flows for the modules I own.Guide and support the designers in my team.Look after the design system with the developers.Vibe code quick prototypes with AI tools (Cursor, Claude, ChatGPT) to try ideas early.	
Product Designer Facilio Technology Solutions, Chennai	Apr 2021 – Sep 2025
<ul style="list-style-type: none">Designed web and mobile flows with product managers, from requirement to shipped UI.Turned research into wireframes and prototypes.Built design system components (calendar picker, tree view, pivot table) and tokens.Reviewed each build with engineering so it matched the design.	
UI Designer Hubbell Incorporated, IT team, Chennai	Sep 2018 – Apr 2021
<ul style="list-style-type: none">Designed wireframes and UI for internal and customer tools.	
Graphic Designer, CES Limited	Nov 2017 – Sep 2018
Imaging Associate Intern, Amazon Development Centre	Jul 2017 – Nov 2017

Selected work

Agent Flow Builder A canvas to build AI agent workflows from nodes, each node a card with one settings panel.	AI product, 2026
Pivot Table Redesigned to be easier to use. Usage went up and support questions went down after launch.	Analytics, 2025
Dashboards Led the revamp: actions on the page, every widget on one 12-column grid, one picker for any time range.	Analytics, 2024

Skills

Product design: Information architecture, use-case mapping, UX leadership, design systems, design tokens and handoff, interaction design, visual design, user research, user personas, user flows, wireframing, usability testing, accessibility (WCAG), design audits, design thinking, collaboration, mentoring

Vibe coding and building: Vibe coding, design-to-code, AI-assisted design, rapid prototyping, UI building

Tools I use: Figma, Monday.com, Cursor, Claude, ChatGPT, GitHub, Bitbucket

Education

B.E., Automobile Engineering	2013 – 2017
